Managing Your myBuy GEP SMART Profile

It's important to ensure that the information in your supplier profile is as accurate as possible

myBuy GEP SMART enables suppliers to manage most of the sections of their supplier profile, including:

- **Basic Information** - Upload your logo, update supplier's legal name

- **Certificates** - Upload relevant certificates

- **Diversity Status** - Indicate diversity status

- **Contact Details** - Add new or edit existing company contacts, choose or change primary contact

- **Location Information** - Choose or make changes to ordering manager field, select a default bank account by location

- **Banking Details** - Add or change banking details

- **Marketing Information** - Add or change website and social media information

Supplier Profile Change Requests

- All changes to your supplier profile start with a change request

- Once a change request is submitted, it will be routed for approval by Roche / Genentech

- No other change requests can be submitted until the initial request has been approved or rejected

- We recommend not submitting large change requests – break them up in sections

Change requests

Acknowledging orders

Advance shipping notice (ASN)

When it comes to orders, keep in mind ...

Purchase orders issued through myBuy have a specific numbering scheme: **P00001234**

To acknowledge an order from Roche / Genentech means you agree to the goods or services, price, quantity, terms and shipping dates and fees indicated in the order.

Before acknowledging a new order, review it carefully. If needed, create a change request.

There are two ways to acknowledge orders:

1. **Via email** (order PDF is attached to the email)

2. By logging into myBuy GEP SMART

Watch-out: If the order is acknowledged and changes are needed, it would have to be initiated by Roche / Genentech, who will rescind the original order, make changes and then reissue the order to the supplier.

*my*Buy

Order Statuses
